

Keep uninvited guests from ruining the cookout.

BASF helps you win the battle of the backyard. Save summer cookouts with the right pest control solutions in and around the home.

1 — Shrubs (Mosquitoes)

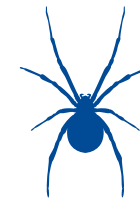

Shrubs and taller grasses are havens for mosquitoes. Use **Fendona® CS** to control them quickly.

3 — Lawn (Fleas & Ticks)

Fleas like the shade. Ticks like the sun. Together, they can be found virtually anywhere in a yard. Get a handle on pesky fleas and ticks with **Fendona® CS**.*

5 — Light Fixtures (Spiders)

Lights provide spiders with rich feeding opportunities. Eliminate spiders around light fixtures with **Fendona® CS**.

2 — Grill Area (Flies)

Treat areas where flies congregate, roost and feed with **PT® Alpine® Pressurized Fly Bait**.*

4 — Eaves (Wasps & Spiders)

Spiders and wasps love to hang out under eaves, awnings and other protected areas. Take the fight to them with **Termidor® SC** or **PT® Wasp-Freeze® II**.

6 — Lawn (Ants)

Ants can build elaborate colonies in many areas around the home. Keep them from marching on with **Siesta® Insecticide Fire Ant Bait** or **Advance® Ant Baits**.
